GREATER SALT LAKE CITY

Compliments of

"SEEING SALT LAKE CITY CARS AND AUTOMOBILES"

GLANCE at the map reveals the isolation of Salt Lake City from any possible competitor.

Compare the distances with any other distributing point. Is there another city in America with such possibilities?

Already a metropolitan city of 90,000, and great in smelting, mining, manufacturing and railroads, it is the determination of our people to show a population of 150,000 by 1910, and we will do it. Come in and help us. The rewards for capital and energy are limitless in Salt Lake City.

If interested in manufacture, address the MANUFACTURERS AND MERCHANTS ASSOCIATION.

If interested in real estate, address the SALT LAKE REAL ESTATE ASSOCIATION.

For any and all other information, address the COMMERCIAL CLUB.
